Mike,

We have a verbal agreement documented in our files to park three INEEL buses on Tom Bagley's property at 350 So 500 West, in Rexburg. We have agreed to remove the buses if Bagley's tenant, Melalucca, requests it. The verbal arrangement has been in place since January 1998, and we have not obtained a written confirmation of the agreement. I have verified that the verbal agreement is in compliance with our DOE approved procurement procedures. Let me know if you have any further questions.

Thanks

Dennis
